Article II

Evaluation

- Section 1. Each school year prior to observation, the Building Principal shall acquaint each licensed professional employee under his/her supervision with the observation and evaluation procedures. Each employee shall receive materials on evaluations, which shall include information on procedures, criteria, and instruments used within the evaluation process. No formal observations shall be held during the first two weeks of school. Any employee hired subsequent to the opening of school shall receive the same materials and shall have a two-week period before formal evaluation may begin.
- Section 2. The licensed professional employee's total evaluation shall consist of classroom performance plus other out-of-classroom factors related to professional duties. Evaluations shall be in writing and be discussed in conference between the licensed professional employee and the evaluator. A copy, signed by both parties, shall be given to the licensed professional employee. The licensed professional employee's signature does not necessarily mean agreement with the evaluation, but rather awareness of the content.
- Section 3. Evaluation of Beginning Teachers
- a. Each beginning teacher in their 1st year of service shall be observed and evaluated 3 times. A formal pre-observation conference shall precede at least the 1st observation. A formal post-observation conference shall follow each observation. Post-Observation conferences shall take place within 5 working days of the observation.
 - b. At the conclusion of the 1st year of service, a summative evaluation will be conducted using the State of Iowa Comprehensive Evaluation Summative Evaluation Form using the 8 Iowa standards and 42 criterion.
 - c. During the second year of service, the same procedures outlined in sections 3a and 3b will be used. Additionally, a determination of licensure will be made using the prescribed

ARTICLE II – Section 3 – cont'd

State of Iowa Beginning Teacher Licensure Forms.

- d. If a third year of probation is necessary, the procedures in sections 3a and 3b will be used.

Section 4. The evaluation process for licensed professional employees shall follow the procedures outlined below:

- a. All career teachers during their first two years of service to the district shall be observed and evaluated at least (3) three times during each school year. All career teachers beyond their 2nd year of service to the district, shall be comprehensively evaluated on a three year cycle. Evaluations of these staff members shall include at least one comprehensive evaluation and the review of the staff member's Career Development Plan. All career teachers who are being evaluated may be asked to produce an artifact(s) to provide evidence of their meeting or exceeding each of the eight Iowa Teaching Standards and 42 criterion. When a licensed professional employee is assigned to more than one center, these minimum requirements need not be met by each evaluator but are a minimum requirement for the entire evaluation.
- b. Each formal observation referred to in this section shall be at least (30) consecutive minutes. The time limit for all other observations shall be at the discretion of the evaluator.
- c. A pre-evaluation conference shall be held between the evaluator and the career teacher in the first year of employment in this School District. In subsequent years of employment in this School District, the evaluator will notify the licensed professional employee prior to the first observation. The pre-evaluation conference and/or notification shall be given at least one day in advance.
- d. A conference shall be held between the evaluator and the career teacher to discuss and Evaluate classroom performance and to discuss other out-of-classroom factors within five (5) workdays following the classroom observation, except in emergency situations.
- e. Both strengths and weaknesses shall be noted in evaluations. Areas of strength and areas of

ARTICLE II – Section 4 – cont'd

improvement shall be condensed into writing with suggestions for improvement. If these areas of improvement cannot be remedied with informal discussions and/or informal meetings with the career teacher and evaluator, an intensive assistance plan will be developed. This plan will include conferencing with the teacher, observations, a time-line for improvements, and follow up activities.

- f. A written report on observations and to discuss other out-of-classroom factors referred to in sections 3-d and 3-e will be copied to the licensed professional employee and to said employee's file.

Section 5. All employee's evaluations are to be fair and shall accurately reflect the performance of the employee. A probationary employee (Iowa Code 279.19) may not grieve their evaluations during the probationary period. All other employees may grieve any or all of his/her written evaluations following the grievance procedures set forth in Article VIII of this agreement.

Section 6. Individual career development plan

- a. Each teacher shall draft an individual plan based on the District Student Learning Goals or the District Long-Range Goals from the current Comprehensive School Improvement Plan established by the district. This individual career development plan will be developed by October 15 of the school year following the conclusion of his/her previous plan.
- b. The evaluator will meet with the teacher to review the plan, jointly modify the plan as needed, and approve the plan within 20 school days of its submission. Both the teacher and evaluator will have a copy of the plan.
- c. Modification of the plan can be made at any time by mutual agreement. The teacher and evaluator shall sign and date the modification.
- d. The evaluator and the teacher shall establish a mutually agreed upon time for an annual conference to review progress in meeting the goal(s) in the plan. At the conclusion of the

ARTICLE II – Section 6 – cont'd

meeting a copy of the Annual Update shall be signed and dated prior to being placed in the teacher's personnel file.

Section 7. The process outlined above is a minimum expectation by both the school district and the association. Nothing in this document prohibits administration from conducting evaluations, both formal and informal, beyond the scope of the process outlined in this agreement.

ARTICLE III

HOURS

Section 1. The length of the school day shall be 8 hours except as otherwise specified in this Agreement or as shortened by the Administration for a specific reason. If a day is shortened for a specific reason, this act shall not be precedential; nor shall it in any way bind the School Board in future agreement. The licensed professional employee shall be in his/her building, at his/her teaching station, at a time designated by the Administration and will be permitted to leave the assigned building at a time established by the Administration. Those licensed professional employees who work under contract extensions and supplementary schedule assignments will work the additional hours necessary to fulfill those contract assignments and/or extensions. In order that the School District can carry out its functions, licensed professional employees shall assume duties connected with other activities as designated by the Administration without additional compensation. (Reference is made here to the supervision of organizations, class activities, clubs, etc.)

Section 2. The licensed professional employee's time schedule for each attendance center shall be determined by the Administration. Dismissal of licensed professional employees at all centers on days preceding holidays and vacations will be 10 minutes after the dismissal of students from the building to go to buses except in cases of an emergency. Licensed professional employees will be allowed to leave ten (10) minutes after the dismissal of students on Fridays except on days designated for district wide staff to work in their classrooms or in-service days. Students will be dismissed one (1) hour earlier than normal before Thanksgiving, Christmas, Labor Day, Memorial Day, and Easter Vacations. The licensed professional employee may be allowed to leave five minutes after student dismissal in the following situations:

- (1) To attend a school related activity that is located outside of Waukon, which commences prior to 4:15 p.m., or;
- (2) When such early dismissal is necessary for the licensed professional employee to transact urgent and necessary business that cannot be transacted on other than school time.

ARTICLE III - Section 2 - cont'd.

Approval of such early dismissals must be obtained from the licensed professional employee's immediate supervisor and will be denied when such early dismissal would take the licensed professional employee away from another paid assignment within the School District.

Section 3. Any lengthening of the 8-hour work-day, not herein otherwise stated, for the licensed professional staff shall be accomplished through joint agreement between the School Board and the Association.

Section 4. The licensed professional employee shall have a 20-minute scheduled and continuous duty-free lunch daily. This shall be classified as part of the 8-hour work-day. In case of emergency where supervision and/or assistance in caring for students is necessary, the 20 minute duty free lunch period will be waived. Emergencies here would include tornado, fire, illness of supervisor, power failures, etc.

Section 5. Since the lunch period is part of the 8-hour work-day, the licensed professional employee must secure authorization to be absent during this period of time.

Section 6. In addition to the regular 8-hour work-days, each licensed professional employee may be required to attend up to nine (9) Administration called building, elementary, or district-wide faculty meetings per regular school year without additional compensation. These meetings will not extend beyond 5:00 p.m., and there shall be no more than 3 such meetings held in a given month. The Administration will give at least three (3) days notice of such meetings, except in case of emergency.

Section 7. In addition to meetings specified in Section 6, licensed professional employees may be required to attend up to two (2) morning and/or evening meetings scheduled by the Administration plus meetings called by Department of Education during an evaluation or any comprehensive evaluation of the school.

ARTICLE IV

For seniority purposes only the following will be used: 120 or more working days constitutes 1 year of seniority, 60 to 119 working days constitutes 1/2 year seniority, and less than 60 working days no seniority.

Section 2. Once the process in Section 1 has been accomplished, any subsequent assignment of staff shall be the right of the School Board, and such assignment shall not be grievable under this Agreement.

ARTICLE VIII

GRIEVANCE PROCEDURE

- Section 1. A grievance shall mean a claim that there has been a violation, misinterpretation, or misapplication of any of the provisions of this Agreement. (Except as otherwise stated within this Agreement.)
- Section 2.
- a. Grievance shall be presented in accordance with these procedures by an aggrieved person covered by this Agreement. An "aggrieved person" is the person or persons or the Association making the claim.
 - b. The failure of an aggrieved person (or, in the event of an appeal to arbitration, the Association) to act on any grievance within the prescribed time limits will act as a bar to any further appeal, and an Administrator's failure to give a decision within the time limits shall permit the aggrieved person to proceed to the next step. The time limits may be extended by mutual agreement.
 - c. It is agreed that any investigation or other handling or processing of any grievance shall be conducted so as to result in no interference with or interruption of the instructional program and related work activities of the aggrieved person or of the teaching staff.
 - d. "School days" referred to in section 3, second step, third step, and fourth step refers to Monday thru Friday throughout the calendar year. Non-working days during the regular school year and holidays throughout the calendar year will not be counted as school days in the processing of a grievance.
 - e. On those days when the Principal or Superintendent is not available, the grievance shall be filed in the respective offices with his or her designee. If a building principal's office is closed, the grievance shall be filed in the Superintendent's office with his or her designee for transfer to the designated Principal. The time for consideration of each step in the grievance shall commence at the time the Administrators concerned return to work and receive the grievance document. The grievant will be notified of this date. The full time allotment for each step shall be granted and the subsequent time delay due to this procedure shall not void

ARTICLE VIII - Section 2 - cont'd.

the processing of the grievance. All grievances shall be filed in the respective Administrators Office between 8:00 a.m. and 4:00 p.m.

Section 3. a. First Step

An attempt shall be made to resolve any grievance in informal, verbal discussion between the aggrieved person and the Principal of the center where the claim or grievance occurs.

b. Second Step

If the grievance cannot be resolved informally, the aggrieved shall file the grievance in writing and, at a mutually agreeable time, discuss the matter with the Principal. The written grievance shall state the nature of the grievance, shall note the specific clause or clauses of the Agreement considered violated, and shall state the remedy requested. The filing of the formal, written grievance at the second step must be within 15 school days from the date the licensed professional employee becomes aware of the action which gives rise to the grievance. The Principal shall make a decision on the grievance, stating reasons for his action, and communicate it in writing to the aggrieved person, the Association, and the Superintendent within ten (10) school days of receipt of the grievance.

c. Third Step

In the event a grievance has not been satisfactorily resolved at the second step, the aggrieved person shall file, within five (5) school days of the Principal's written decision at the second step, a copy of the grievance with the Superintendent. Within ten (10) school days after such written grievance is filed, the aggrieved person and the Superintendent or his/her designee shall meet to resolve the grievance. The Superintendent or his/her designee shall file an answer, stating reasons for his/her action, within ten (10) school days of the third-step grievance meeting and communicate it in writing to the aggrieved person, the Principal, and the Association.

ARTICLE VIII - Section 3 - cont'd.

d. Fourth Step

If the grievance is not resolved satisfactorily at the third step, there shall be available a fourth step of impartial, binding arbitration. The aggrieved person and the Association shall meet to discuss the merits of submitting the grievance to arbitration. The Association may submit a written request for arbitration on behalf of the Association or the aggrieved person to the Superintendent within 30 school days from receipt of the third step answer. The arbitration proceeding shall be conducted by an arbitrator to be selected by the two parties within three (3) school days after said notice is given. If the two parties fail to reach an agreement on an Arbitrator within three (3) school days, the Board, or similar organization, will be requested to provide a list of three (3) arbitrators. The parties will determine by lot who shall have the right to remove the first name from the list, the other party shall remove the next name, the remaining name shall be the Arbitrator. The decision of the Arbitrator will be binding on both parties. The decision of the Arbitrator shall not amend, modify, nullify, ignore, or add to the provisions of the Agreement. His/Her authority shall be strictly limited to deciding the issue presented to him/her in writing by the School Board and the Association, and his/her decision must be based solely and only upon his/her interpretation of the meaning or application of the express relevant language of the Agreement.

e. School Board Informal

In the event the decision at the third step is against the aggrieved person, the Superintendent or designee will immediately place the grievance on the agenda for the next School Board meeting. At that time the School Board will listen to and ask questions of the grievant or his/her representative. At that time the School Board may suggest alternative solutions which will enable differences to be resolved at the local level. The Association and aggrieved person will have ten (10) school days to accept or reject the School Board's solution to the grievance. This step of the grievance procedure will proceed concurrently with d. Fourth Step.

ARTICLE VIII - Section 3 - cont'd.

- f. If a grievance is filed at such time that it cannot be processed through all the steps of the grievance procedure by the end of the school year, then the time limits set forth will be reduced so that the grievance procedure will be exhausted no later than 30 days after the last student day if agreed to by both parties.

Section 4. If the Association or any licensed professional employee files any claim in any form other than under the grievance procedure of this Agreement, the School District shall not be required to process the same claim through the grievance procedure.

Section 5. Whenever illness or other form of incapacity of the principal parties prevents attendance at a grievance meeting, the time limits shall be extended to such time as the principal parties so involved can be present, unless the aggrieved person agrees to be represented in his/her absence. If it is determined that any party or group so initiating the grievance is using this means to delay proceedings, the grievance will be null and void.

Section 6. An aggrieved person may be represented at all levels by a representative of his/her choosing. However, the law permits any licensed professional employee to adjust individual claims without representation. A licensed professional employee filing a written grievance without the consent of the Association shall bear all cost charged.
